

THE CHOCOLATE LAB

TEAM BUILDING PLAY WITH A PURPOSE

Where can experimenting with chocolate leave an impression that will stick? *The Chocolate Lab* team building event at The Ice Cream Lab of course! During this mouth-watering experience, teams will learn about the rich history of chocolate, and take a stroll down memory lane as they try to identify their childhood favorites by sight and taste.

Next, they'll need to share their sweet treat expertise in the Chocolate Trivia Test, as they compete to earn "lab loot" they'll need to fund their final project. Teams will purchase a chocolate construction kit and special materials package to build and decorate their own piece of a chocolate structure. Each section must be designed so that it fits seamlessly into the larger chocolate building plan, moving the project from competitive to collaborative.

The whole group will enjoy the sweet taste of victory (and our chocolate fountain) as they stand back to admire what they could only accomplish together. A renewed commitment to eliminate the silos we operate in, will last long after the chocolate is gone, for *The Chocolate Lab* is team performance improvement, cleverly disguised as fun!

EVENT INCLUDES:

- Professional facilitator and event service staff
